

SEW IT'S TUESDAYS

Come out to the Roseneath Library and learn some new and easy quilting techniques. Share your knowledge and quilting stories with other people. Learn easy techniques on how to take something difficult and make it the easy way.

Ideas like quick 4 patches, the easy 8 half square triangles, mitered corners on binding, quick flying geese, even free motion quilting the easy way. I can teach you to put quilt blocks together the easy way. Imagine yourself making a queen size quilt from start to finish and not having to pay somebody to long arm quilt it for you. You could be free motion quilting your own queen size, even king size quilts in a short time.

We can trade secrets, patterns and even fabrics. We could make a "mystery" quilt. No idea is too small. Drop by the library on Tuesday evenings and tell us your ideas.

I have been quilting for 25 plus years and I have to confess it is my passion. I have been teaching for the past 3 years and love to share my experience with all quilters no matter how much experience you have. Quilting is my therapy and it could be yours too.

Bring a friend and come join me and others with the same passion at the Roseneath Library on Tuesday evening between 6 and 7:30 PM.

Hope to see you there.
